PRODUCT/PROJECT NAME:

How will it be made visible?

How will it be created?

How will it be refined?

Where will it reside?

How will the Dev. Team keep it transparent?

What’s on the first version of the Definition of “Done”?

What might be a good first Sprint Goal?

What is our capacity for our first Sprint?

Who will the Product Owner invite to the first Sprint Review?

Who will be our Product Owner?

How much work can we reasonably get done with this capacity?

Who will be on the Dev. Team?

Who will be our Scrum Master?

How will the Dev. Team keep it transparent?

How will we use the Scrum Values to work together?

How will we make this a safe place for the Scrum Team?

Who will be our Scrum Master?

What day will we start on?

Sprint Length
